TUMBELIN.

We herewith present to your notice the new game of Tumbelin. The most fascinating game put on the market in recent years.

Its absolute novelty, the skill that can be acquired, the amusement caused by its curious motion, all have contributed to make it "tumble" straight into the favor of the public.

It is made of a three-ply board, covered with green felt and framed with a handsome metal frame. The Tumblers are made of aluminum.

We invite you to call in and see a practical demonstration of this very unique game.

TALK OF FINANCES OF THE TERRITORY

(Continued from Page 1.)

was also made that there was an essential in the local burned-out sand that did not work well with oil in being made into roads. The petition also set forth that the Pali road above the new reservoir sluicing would soon be in need of repair, as the top dressing is worn off.

After Mr. Spalding made his statement about territorial finances and roads, Mr. Lowrey suggested that the committee could probably agree that the Waikiki road proposition be carried out. Mr. Spalding thought too many side streets had been repaired to the neglect of main thoroughfares, as for instance, Queen and Beretania streets. Mr. Smith suggested advising that the streets be gradually repaired, especially the main thoroughfares. Mr. McCandless said the county was expending about \$8000 a month. He thought that the Supervisors were paying too much attention to the requests of salary-grabbers for salary increases. He believed, however, that the request of an influential body like the Promotion Committee should have some weight. He agreed with Mr. Spalding's statement as to the Governor's financial policy. He did not believe in the Territory getting into debt another dollar that could possibly be avoided.

It was generally agreed that when the Supervisors were ready to begin on the island belt road, that the work should be done by contract. A resolution that the Promotion Committee recommend to the Supervisors the betterment of the Waikiki road, the road to Pearl City and Moanalua and the belt road, was passed.

In connection with the endeavor to get an American squadron here for maneuvers, J. A. M. Johnson stated that when he went to the Orient he would endeavor to get personally into touch with Admiral Stirling of the Asiatic fleet, and ascertain his views on the subject. As to the Pacific squadron the statement was made that three out of the five warships there were disabled or laid up.

Chairman McCandless advised hammering away at the Navy Department until the department ordered a squadron here.

As to obtaining advance information of the amount of room and the berths available on vessels coming here from the Colonies and Orient, Mr. Spalding said he had made inquiries and found there were no means yet of getting such information.

Mr. Smith said the Pacific Mail company in cutting out two vessels from Honolulu on the homeward-bound trip, made it exceedingly bad for tourists who came here expecting to go back to the Coast on the vessels on certain dates. This always operated badly in Honolulu among tourists.

An investigation will be made of the alleged knockers on some of the Pacific Mail boats, said to be officers, who discouraged travelers from stopping here.

As to the ocean yacht race from San Francisco to Honolulu, originally advocated by the Promotion Committee, and taken up by Commodore Hobron at the Coast, it was suggested that the city should present a trophy, say a cup worth from \$300 to \$400 to be known as a perpetual trophy. This was believed to be a matter which would greatly advertise the islands, for no doubt, many friends and relatives of those in the proposed race would come here by steamer. Possibly Atlantic boats might come to the Pacific for the sport.

On motion of Mr. Johnson, the folder which is to be got out shortly will be a hundred thousand lot.

Adjourned to Tuesday, October 3, at 3:30 p. m.

"Senator, I congratulate you. I understand you have been vindicated." "Triumphantly, Johnson. At the first trial the jury disagreed. At the second trial my lawyers found a flaw in the indictment, and the case was thrown out of court."—Chicago Tribune.

CONGRESS OF JAPS

Shinpo Plans Several Celebration Events.

Out of the celebration of the issue of the 3000th number of the Hawaii Shinpo Sha, the Japanese daily newspaper published by C. Shiozawa, may come something which may prove of great value, especially to the sugar planters. A number of celebrations are planned, one having already been given at the Shinpo office, where wine and other refreshments marked the announcement of the thirty winners in the voting contest, entitling them to sit at the special banquet.

Tomorrow afternoon and evening at Mochizuki, Waikiki, there will be a celebration which hundreds of Japanese and dozens of foreigners, especially invited, will attend. Then during the coming week the banquet will be given, and to cap the climax a congress will be held in which the thirty successful and fortunate ones will participate.

"It will be a congress conducted like the American Congress or the Hawaiian Legislature," said Mr. Shiozawa. These thirty represent all classes of Japanese in Hawaii, physicians, merchants, small farmers, newspaper men, artists, etc., and they will debate on the methods best believed to solve the Japanese labor question here.

"Then I have in my possession articles on the same subject, submitted by Japanese all over the Territory. These will be opened by a committee of judges, to determine who has given the most valuable and practical suggestions for the solution of this question. They will be printed in my newspaper and the proceedings of the congress, together with the various celebrations, will be published in pamphlet form."

Mr. Shiozawa yesterday sent out to foreigners in Honolulu printed invitations to the Mochizuki celebration tomorrow. The invitations were sent mostly to gentlemen, inviting them and their friends to attend. As Mr. Shiozawa was not in possession of a list showing who were married and who were bachelors, he trusts that the married men receiving invitations will bring their wives, and the bachelors are entitled to bring—well, their friends. The celebration tomorrow is strictly invitational and those invited must present cards at the entrance. The foreigners are expected at 8 p. m.

Troupes of Japanese actors, geisha girls and other entertainers have been engaged. There will be booths erected in which fish will be fried, a la Japanese, and eaten by the guests as they come from the pan; in another, rice cakes will be cooked, and in others liquid refreshments will be dispensed. The exercises begin at 3 o'clock, for the Japanese, and the foreigners come at 8 p. m. and join the others.

SOUTH AFRICAN CARPENTER CURED BY CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

Mr. Geo. Taylor, a carpenter at Port Elizabeth, Cape Colony, who had a very bad attack of cramp colic and dysentery, says: "I was so bad I had to go to bed, when a friend of mine gave me two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and I got better at once. The third dose completely cured me. I am never without it now." This remedy is for sale by Benson, Smith & Co., Ltd., Agents for Hawaii.

EDUCATIONAL OPENING.

The Y. M. C. A. always keeps open house, but tonight the young men of the city will be especially welcome. The Normal School glee club makes no great claims, but furnishes interesting music, vocal and instrumental. In the social hall will be a punchbowl and all the teachers of the various evening classes. The teachers will answer questions about the studies and will enroll the students for the studies, which begin a few days later.

So Much Better

Hostetter's Stomach Bitters is so much better than any other remedy for Stomach, Liver and Kidney ills that we would urge every sick man and woman to stop experimenting at once and commence taking this sovereign remedy.

Hostetter's Stomach Bitters

Doctors everywhere endorse it, especially in cases of Nausea, Sick Headache, General Debility, Indigestion, Dyspepsia, Flatulency, Liver troubles, or Malaria, Fever and Ague.

It won't disappoint you. Thousands have found this true.

A BIG UNDERWEAR SALE IS NOW IN PROGRESS

Two big sample lines, containing over 300 pieces of Ladies' Muslin Underwear.

What is meant by "Sample lines?" Simply samples of a manufacturer's complete line, only one of each pattern, which he has sold in advance of his regular line at an extremely low price so that the wholesaler may choose his stock.

We have been so fortunate as to secure two of these sample lines at prices so very favorable that we offer single pieces of underwear to our Honolulu customers at prices little short of marvelous.

Women can get here today as comfortable and prettily made underclothes as they would make at home, in some instances, at prices less than they would pay for the materials.

The proof is to be found at our store. The garments are laid out on our counters for you to inspect; you can pick and choose at will, each garment is stamped with size and price.

These being sample lines, every grade is included from the cheapest to the best, so there are bargains for everyone.

Remember, the sale can not last more than two or three days. Come early.

A. BLOM PROGRESS BLOCK FORT STREET.

We beg to Announce

That we are now thoroughly equipped with modern machinery and experienced workmen to dry-clean or dye the finest fabrics, plumes, feather boas, gloves, ribbons, girdles, ties, etc.

Also gentlemen's clothing and ladies' silk and woolen dresses.

All work called for and delivered by our regular laundry wagons.

Sanitary Steam Laundry.

TELEPHONE MAIN 73.

Old Planters

The Hawaiian Gazette Co. has, at considerable expense, succeeded in completing a limited number of sets of Planters' Monthlies from Vol. 1 of 1882 up to the first of the present year.

Of the earlier numbers, long since out of print, many issues were entirely exhausted, making it necessary to reset and reprint all such numbers, thus adding materially to the cost. This extra expense was more than justified, however, by the valuable nature of much of the matter contained in these old numbers, matter that cannot be found elsewhere than in these books and that is valuable really beyond price to the plantation interests.

These Planters are uniformly bound in full law sheep, giving them an attractive appearance in addition to their durability.

Anyone desiring a complete set, or any part of a set, would do well to communicate with the Gazette Co. at an early date, as there are but very few sets available at the present time, and in order to complete more sets it will be necessary to reset and print more back numbers, thus increasing the cost still more.
